2. Specifically, we would like to know if it is permissible to forward the statement of annual and sick leave provided in Mr. [REDACTED] memorandum of 27 October 1949? The same memorandum contains a quotation from [REDACTED] immediate superior which we would like to furnish, [REDACTED] name is not indicated. The statement of Efficiency Rating is also required.

3. The medical information furnished by [REDACTED] under memorandum of 11 October is, of course, pertinent; and we wonder if the letters from the Mayo Clinic dated 17 May and 24 May 1948, together with [REDACTED] statement of case history dated 26 April 1948 and the memorandum to [REDACTED] of 1 March 1949 can be released in their present form, and, if not, what deletions or paraphrasing you would suggest.
